

government in the economy pdf

In the 1960s, government had great faith in fiscal policy, or the manipulation of government revenues to influence the economy. Since spending and taxes are controlled by the president and the Congress, these elected officials played a leading role in directing the economy. A period of high inflation, high

The Government's Role in the Economy - ThoughtCo

ation of public finance and economic policies since the onset of the Asian economic turmoil shows that the two have become increasingly similar in their economic approaches, with heavy emphasis on stabilizing the economy and stimulating business activities through government initiatives. Based on their projected economic, social and political development, the Hong Kong
