The Portable Document Format, or PDF, was developed by Adobe Systems and has become the industry standard for document sharing. A PDF document is an exact replica of the original document, whether it's a word-processing or text file, graphical drawing, photo, map, or even video.

## **How to Make a PDF Document | HowStuffWorks**

Well, I decided to write an electronic document that contained everything that a beginning brewer would need to know to get started. It contained equipment descriptions, process descriptions and some of the Why's of homebrewing. I posted it to electronic bulletin boards and homebrewing archive computer sites such as Sierra.Stanford.edu . It was reviewed by other brewers and accepted as one of ...
